EDUCATION

Bachelor of Science in Computer Science Engineering Expected Summer 2026
American International University-Bangladesh CGPA:3.94/4.00

Higher Secondary Certificate 2021
GPA:5.00/5.00

Secondary School Certificate 2019
GPA:5.00/5.00

TECHNICAL SKILLS

- **Programming Languages**
  C++, C#, Java, & Python
- **Web Technologies**
  HTML5, CSS3, JavaScript, & PHP
- **UI/UX & Collaboration Tools**
  Figma,Draw.io &ClickUp
- **Databases**
  MySQL, Oracle Database, Microsoft SQL Server, & phpMyAdmin
- **Development Tools & Platforms**
  GitHub, XAMPP, & EMU8086
- **Data Analytics**
  R (RStudio), & MATLAB
- **Computer-Aided Design**
  AutoCAD
- **Productivity Tools**
  Microsoft Word, Excel, & PowerPoint

PROJECTS

- **Online Hotel Management System** *(HTML, CSS, JavaScript, PHP, phpMyAdmin, XAMPP)*
  Developed a web-based system featuring admin login, room management, customer records, and housekeeping billing.
- **Mental Health Outcome Prediction from Lifestyle Data** *(R, Regression, Classification)*
  Built predictive models to analyze mental health outcomes using lifestyle behavior datasets.
- **Automated NLP Pipeline on Amazon Food Reviews** *(R, NLP, Machine Learning)*
  Implemented sentiment analysis, topic modeling, and clustering using TF-IDF, Naïve Bayes, LDA, PCA, and K-Means.
- **Urban-Grow: Smart Gardening for City Residents** *(Software Engineering, UML, SDLC)*
  Designed a full-cycle smart gardening platform with community forums, marketplace, payments, dashboards, and risk-managed SDLC documentation.
- **All-in-One Car App** *(Figma)*
  Designed a mobile app UI integrating vehicle renting, service maintenance,and doorstep fuel delivery.
- **Student Monthly Expenses Survey** (AIUB) *(Statistics, Data Analysis)*
  Conducted statistical analysis including variance, standard deviation, and hypothesis testing on student expense data.
- **AIUB Campus Scenario Graphics Design** *(OpenGL, GLUT)*
  Created a graphical simulation of AIUB campus scenarios using OpenGL rendering techniques.
- **Personal Portfolio Website** *(Google Sites)*
  Designed and deployed a personal portfolio showcasing academic and technical projects.
- **BuyNix Online Shop Management System** *(.NET Framework, C#, MS SQL)*
  Developed an e-commerce management system with product, order, and user handling.
- **Tech Greek Online Gadget Shop** *(Java)*
  Built a Java-based gadget shop system with inventory and customer management.
- **Waffle Verse Restaurant Management System** *(Java)*
  Implemented a restaurant management application handling orders, billing, and menu services.
- **Digital Security System** (J-K Flip-Flop) *(Digital Logic & Circuits)*
  Designed a hardware-based digital security system using J-K flip-flop logic.
- **Game Management System** *(Oracle Database)*
  Created a database-driven system for managing game records and user data.
- **Computer-Aided Design of House with Electrical Wiring** *(AutoCAD)*

Created detailed residential building layouts and electrical wiring plans following AutoCAD standards.

- **Future of Coding IntelliLoop** *(Research Ongoing)*
  Proposed an intelligent coding framework focused on automation, optimization, and future software engineering practices.
- **Asteroid Hazard Detection Using Random Forest NASA Open Data** *(Research Ongoing)*
  Analyzing near-Earth objects by applying Random Forest classification to identify potential asteroid hazards.

VOLUNTEERING EXPERIENCE

- **Assistant General Secretary, AIUB Computer Club** 2023-Present
  Organized AIUB Cyber Gaming Fest 2025 and AIUB Programming Contest 2024.
- **Campus Ambassador, Augmedix Bangladesh** 2024-Present
  Organized Talent Hunt 2025 (AIUB × Augmedix) and coordinated industry visits for AIUB students
- **Local Volunteer, NASA International Space Apps Challenge** 2025
  Supported event coordination and assisted participants during the global hackathon.
- **Volunteer, Microsoft Office Specialist Bangladesh Championship** 2025
  Assisted in competition logistics and participant coordination at the national-level championship.
- **General Member, Team Lifeline** 2024-Present
  Coordinated fundraising and distributed relief to flood-affected communities.
- **News Reporter, Nirvik TV** 2021-Present
  Produced youth-focused educational content.
- **Upazila Leader, Shorno Kishoree** 2018-Present
  Led school-based initiatives promoting adolescent leadership and social awareness.
- **Volunteer, JAAGO Foundation** 2018-Present
  Supported educational initiatives for children from disadvantaged backgrounds.
- **Volunteer, UNICEF Bangladesh** 2019-12/2021
  Supported COVID-19 vaccination camps.

RESEARCH EXPERIENCE

- **Research Intern (Contractual), ELITE Research Lab LLC** January 21, 2026 – April 30, 2026
- **Research Intern,Advanced Machine Intelligence Research Lab** February 15, 2026 – August 15, 2026

RESEARCH INTERESTS

- AI for Health • Health Informatics • Deep Learning • Computer Vision • Natural Language Processing

TEACHING AND CERTIFICATIONS

IT Essentials course

- Cisco Networking Academy.

HONORS AND AWARDS

- Merit Based Scholarship to pursue a BSc CSE upto 60%
- Dean's List Award 6 times till now

LANGUAGES

- English: Fluent
